

CONVENTION BETWEEN THE GOVERNMENT OF THE
POLISH PEOPLE'S REPUBLIC AND THE GOVERNMENT
OF CANADA FOR THE AVOIDANCE OF DOUBLE TAXATION
WITH RESPECT TO TAXES ON INCOME AND ON CAPITAL

The Government of the Polish People's Republic and the Government of Canada, desiring to further develop and facilitate their mutual economic relationships, have decided to conclude a Convention for the avoidance of double taxation with respect to taxes on income and on capital, have agreed as follows:

ARTICLE 1

Personal Scope

This Convention shall apply to persons who are residents of one or both of the Contracting States.

ARTICLE 2

Taxes Covered

1. This Convention shall apply to taxes on income and on capital imposed on behalf of each Contracting State, irrespective of the manner in which they are levied.
2. There shall be regarded as taxes on income and on capital all taxes imposed on total income, on total capital, or on elements of income or of capital, including taxes on gains from the alienation of movable or immovable property, as well as taxes on capital appreciation.
3. The existing taxes to which the Convention shall apply are, in particular:
 - (a) in the case of Canada: the income taxes imposed by the Government of Canada, (hereinafter referred to as "Canadian tax");
 - (b) in the case of Poland:
 - (i) the income tax (podatek dochodowy);
 - (ii) the tax on wages or salaries (podatek od wynagrodzen); and
 - (iii) the equalization tax (podatek wyrownawczy),

(hereinafter referred to as "Polish tax").

4. The Convention shall apply also to any identical or substantially similar taxes and to taxes on capital which are imposed after the date of signature of the Convention in addition to, or in place of, the existing taxes. The Contracting States shall notify each other of any substantial changes which have been made in their respective taxation laws.

ARTICLE 3

2. As regards the application of the Convention by a Contracting State any term not defined therein shall, unless the context otherwise requires, have the meaning which it has under the law of that State concerning the taxes to which the Convention applies.

ARTICLE 4

Fiscal Domicile

1. For the purposes of this Convention, the term "resident of a Contracting State" means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of management or any other criterion of a similar nature.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows:

- (a) he shall be deemed to be a resident of the State in which he has a permanent home available to him; if he has a permanent home available to him in both States, he shall be deemed to be a

resident of the State with which his personal and economic relations are closer (centre of vital interests);

- (b) if the State in which he has his centre of vital interests cannot be determined, or if he has not a permanent home available to him in either State, he shall be deemed to be a resident of the State in which he has an habitual abode;
- (c) if he has an habitual abode in both States or in neither of them, he shall be deemed to be a resident of the State of which he is a national;
- (d) if the question of residence cannot be determined according to the provisions of subparagraph (c), the competent authorities of the Contracting States shall settle the question by mutual agreement.

3. Where by reason of the provisions of paragraph 1 a company is a resident of both Contracting States, then its status shall be determined as follows:

- (a) it shall be deemed to be a resident of the State of which it is a national;
- (b) if it is a national of neither of the States, it shall be deemed to be a resident of the State in which its place of effective management is situated.

4. Where by reason of the provisions of paragraph 1 a person other than an individual or a company is a resident of both Contracting States, then its status shall be determined as follows:

- (a) it shall be deemed to be a resident of the State of which it is a national;
- (b) if it is a national of neither of the States, the competent authorities of the Contracting States shall by mutual agreement endeavour to settle the question and to determine the mode of application of the Convention to such person.

ARTICLE 5

Permanent Establishment

1. For the purposes of this Convention, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term "permanent establishment" includes especially:

- (a) a place of management;
- (b) a branch;
- (c) an office;
- (d) a factory;
- (e) a workshop;
- (f) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources; and
- (g) a building site or construction or installation project which exists for more than 12 months.

3. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include:

- (a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;
- (b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;
- (c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
- (d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or for collecting information, for the enterprise;
- (e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity of a preparatory or auxiliary character;
- (f) the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs (a) to (e) provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

4. Notwithstanding the provisions of paragraphs 1 and 2, where a person - other than an agent of an independent status to whom paragraph 5 applies - is acting

on behalf of an enterprise and has, and habitually exercises in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise unless the activities of such person are limited to those mentioned in paragraph 3 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

5. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.

6. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

ARTICLE 6

Income from Immovable Property

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.

2. For the purposes of this Convention, the term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships, boats and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property and to profits from the alienation of such property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

ARTICLE 7

Business Profits

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on or has carried on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In the determination of the profits of a permanent establishment, there shall be allowed those deductible expenses which are incurred for the purposes of the permanent establishment including executive and general administrative expenses, whether incurred in the State in which the permanent establishment is situated or elsewhere.

4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where profits include items of income which are dealt with separately in other Articles of this Convention, then, the provisions of those Articles shall not be affected by the provisions of this Article.

ARTICLE 8

Shipping and Air Transport

1. Profits from the operation of ships or aircraft in international traffic shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

2. The provisions of paragraph 1 shall be deemed to include:

- (a) profits from the operation in international traffic of ships or aircraft leased;
- (b) profits from the operation in international traffic of
 - (i) containers in sea and air transport, or
 - (ii) other equipment related to transport by ship or aircraft, irrespective of whether such equipment is owned or leased by the enterprise.

3. The provisions of paragraphs 1 and 2 shall also apply to profits referred to in those paragraphs derived by an enterprise of a Contracting State from its participation in a pool, a joint business or an international operating agency.

ARTICLE 9

Associated Enterprises

1. Where

- (a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or

- (b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State - and taxes accordingly - profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Convention.

3. A Contracting State shall not change the profits of an enterprise in the circumstances referred to in paragraph 1 after the expiry of the time limits provided in its national laws and, in any case, after five years from the end of the year in which the profits which would be subject to such change would have accrued to an enterprise of that State.

4. The provisions of paragraphs 2 and 3 shall not apply in the case of fraud, wilful default or neglect.

ARTICLE 10

Dividends

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident, and according to the laws of that State, but if the recipient is the beneficial owner of the dividends the tax so charged shall not exceed 15 per cent

of the gross amount of the dividends. The provisions of this paragraph shall not affect the taxation of the company on the profits out of which the dividends are paid.

3. The term "dividends" as used in this Article means income from shares, mining shares, founders' shares or other rights, not being debt-claims, participating in profits, as well as income which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.

4. The provisions of paragraph 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

ARTICLE 11

Interest

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may also be taxed in the Contracting State in which it arises, and according to the laws of that State, but if the recipient is the beneficial owner of the interest the tax so charged shall not exceed 15 per cent of the gross amount of the interest.

3. Notwithstanding the provisions of paragraph 2, interest arising in a Contracting State and paid to a resident of the other Contracting State shall be taxable only in the other Contracting State if it is paid in respect of a loan made, guaranteed or insured by that other State or by such public body of that other State as is specified and agreed in letters exchanged between the competent authorities of the Contracting States.

4. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage, and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures, as well as income which is subjected to the same taxation treatment as income from money lent by the laws of the State in which the income arises. However, the term "interest" does not include income dealt with in Article 10.

5. The provisions of paragraph 2 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is that State itself, a political subdivision, a local authority or a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the

excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

ARTICLE 12

Royalties

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such royalties may also be taxed in the Contracting State in which they arise, and according to the laws of that State, but if the recipient is the beneficial owner of the royalties the tax so charged shall not exceed 10 per cent of the gross amount of the royalties.

3. Notwithstanding the provisions of paragraph 2, copyright royalties and other like payments in respect of the production or reproduction of any literary, dramatic, musical or artistic work (but not including royalties in respect of motion picture films and works on film or videotape for use in connection with television) arising in a Contracting State and paid to a resident of the other Contracting State who is subject to tax thereon shall be taxable only in that other State.

4. The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright, patent, trade mark, design or model, plan, secret formula or process, or for the use of, or the right to use, industrial, commercial or scientific equipment, or for information concerning industrial, commercial or scientific experience, and includes payments of any kind in respect of motion picture films and works on film or videotape or tape for use in connection with television or radio broadcasting.

5. The provisions of paragraphs 2 and 3 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

6. Royalties shall be deemed to arise in a Contracting State when the payer is that State itself, a political subdivision, a local authority or a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the obligation to pay the royalties was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

ARTICLE 13

Capital Gains

1. Gains derived by a resident of a Contracting State from the alienation of immovable property situated in the other Contracting State may be taxed in that other State.

2. Gains from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or of movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise) or of such a fixed base may be taxed in that other State.

3. Gains from the alienation of ships or aircraft operated in international traffic and movable property pertaining to the operation of such ships or aircraft, shall be taxable only in the Contracting State in which such property is taxable according to paragraph 3 of Article 22.

4. Gains from the alienation of
 - (a) shares of the capital stock of a company the property of which consists principally of immovable property situated in a Contracting State, and
 - (b) an interest in a partnership, trust or estate, the property of which consists principally of immovable property situated in a Contracting State,

may be taxed in that State. For the purposes of this paragraph, the term "immovable property" includes the shares of a company referred to in subparagraph (a) or an interest in a partnership, trust or estate referred to in subparagraph (b).

5. Gains from the alienation of any property, other than that referred to in paragraphs 1, 2, 3 and 4 shall be taxable only in the Contracting State of which the alienator is a resident.

6. The provisions of paragraph 5 shall not affect the right of either of the Contracting States to levy, according to its law, a tax on gains from the alienation of any property derived by an individual who is a resident of the other Contracting State and has been a resident of the first-mentioned State at any time during the five years immediately preceding the alienation of the property.

ARTICLE 14

Independent Personal Services

1. Income derived by a resident of a Contracting State in respect of professional services or other activities of an independent character shall be taxable only in that State unless he has a fixed base regularly available to him in the other Contracting State for the purpose of performing his activities. If he has or had such a fixed base, the income may be taxed in the other State but only so much of it as is attributable to that fixed base.

2. The term "professional services" includes especially independent scientific, literary, artistic, educational or teaching activities as well as the independent activities of physicians, lawyers, engineers, architects, dentists and accountants.

ARTICLE 15

Dependent Personal Services

1. Subject to the provisions of Articles 16, 18 and 19, salaries, wages and other similar remuneration derived by a resident of a Contracting State in respect of an employment shall be taxable only in that State unless the employment is exercised in the other Contracting State. If the employment is so exercised, such remuneration as is derived therefrom may be taxed in that other State.

2. Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned State if:

(a) if such remuneration does not exceed ten thousand Canadian dollars (\$10,000) or its equivalent in Polish currency; or

(b) if

(i) the recipient is present in the other State for a period or periods not exceeding in the aggregate 183 days in the calendar year concerned; and

(ii) the remuneration is paid by, or on behalf of, an employer who is not a resident of the other State; and

(iii) the remuneration is not borne by a permanent establishment or a fixed base which the employer has in the other State.

3. Notwithstanding the preceding provisions of this Article, remuneration in respect of an employment exercised aboard a ship or aircraft operated in international traffic shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

ARTICLE 16

Directors' Fees

Directors' fees and other similar payments derived by a resident of a Contracting State in his capacity as a member of the board of directors of a company which is a resident of the other Contracting State, may be taxed in that other State.

ARTICLE 17

Artistes and Athletes

1. Notwithstanding the provisions of Articles 14 and 15, income derived by a resident of a Contracting State as an entertainer, such as a theatre, motion picture, radio or television artiste, or a musician, or as an athlete, from his personal activities as such exercised in the other Contracting State, may be taxed in that other State.

2. Where income in respect of personal activities exercised by an entertainer or an athlete in his capacity as such accrues not to the entertainer or athlete himself but to another person, that income may, notwithstanding the provisions of Articles 7, 14 and 15, be taxed in the Contracting State in which the activities of the entertainer or athlete are exercised.

3. Notwithstanding the provisions of paragraphs 1 and 2, income derived from such activities as defined in paragraph 1 performed within the framework of cultural exchange between the Contracting States, shall be exempt from tax in the Contracting State in which these activities are exercised.

ARTICLE 18

Pensions and Annuities

1. Pensions and annuities arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. Pensions arising in a Contracting State and paid to a resident of the other Contracting State may also be taxed in the State in which they arise, and according to the law of that State. However, in the case of periodic pension payments, the tax so charged shall not exceed the lesser of

- (a) 15 per cent of the gross amount of the payment, and
- (b) the rate determined by reference to the amount of tax that the recipient of the payment would otherwise be required to pay for the year on the total amount of the periodic pension payments received by him in the year, if he were resident in the Contracting State in which the payment arises.

3. Annuities arising in a Contracting State and paid to a resident of the other Contracting State may also be taxed in the State in which they arise, and according to the law of that State; but the tax so charged shall not exceed 15 per cent of the portion thereof that is subject to tax in that state. However, this limitation does not apply to lump-sum payments arising on the surrender, cancellation, redemption, sale or other alienation of an annuity, or to payments of any kind under an income-averaging annuity contract.

4. Notwithstanding anything in this Convention:

- (a) pensions and allowances received from Canada under the Pension Act, the Civilian War Pensions and Allowances Act or the War Veterans Allowance Act and compensation received under regulations made under section 7 of the Aeronautics Act shall not be taxable in Poland so long as they are not subject to Canadian tax;
- (b) pensions and allowances received from Poland and paid under the social security law of Poland shall not be taxable in Canada so long as they are not subject to Polish tax;
- (c) alimony and other similar payments arising in a Contracting State and paid to a resident of the other Contracting State who is the beneficial owner thereof, shall be taxable only in that other State.

ARTICLE 19

Government Service

- 1. (a) Remuneration, other than a pension, paid by a Contracting State or a political subdivision or a local authority thereof to an individual in respect of services rendered to that State or subdivision or authority shall be taxable only in that State.
- (b) However, such remuneration shall be taxable only in the other Contracting State if the services are rendered in that State and the individual is a resident of that State who:
 - (i) is a national of that State; or
 - (ii) did not become a resident of that State solely for the purpose of rendering the services.

2. The provisions of paragraph 1 shall not apply to remuneration in respect of services rendered in connection with a business carried on by a Contracting State or a political subdivision or a local authority thereof.

ARTICLE 20

Students

Payments which a student, apprentice or business trainee who is, or was immediately before visiting a Contracting State, a resident of the other Contracting State and who is present in the first-mentioned State solely for the purpose of his education or training receives for the purpose of his maintenance, education or training shall not be taxed in that State, provided that such payments arise from sources outside that State.

ARTICLE 21

Other Income

1. Subject to the provisions of paragraph 2, items of income of a resident of a Contracting State, wherever arising, not dealt with in the foregoing Articles of this Convention shall be taxable only in that State.

2. However, if such income is derived by a resident of a Contracting State from sources in the other Contracting State, such income may also be taxed in the State in which it arises, and according to the law of that State. However, in the case of income from an estate or trust, the tax so charged shall, provided that the income is taxable in the Contracting State in which the recipient resides, not exceed 15 per cent of the gross amount of the income.

ARTICLE 22

Capital

1. Capital represented by immovable property owned by a resident of a Contracting State and situated in the other Contracting State, may be taxed in that other State.

2. Capital represented by movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or by movable property pertaining to a fixed base available to a resident of a Contracting

State in the other Contracting State for the purpose of performing independent personal services, may be taxed in that other State.

3. Capital represented by ships and aircraft in international traffic and by movable property pertaining to the operation of such ships and aircraft, shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

4. All other elements of capital of a resident of a Contracting State shall be taxable only in that State.

ARTICLE 23

Elimination of Double Taxation

1. In the case of Canada, double taxation shall be avoided as follows:

(a) Subject to the existing provisions of the law of Canada regarding the deduction from tax payable in Canada of tax paid in a territory outside Canada and to any subsequent modification of those provisions -- which shall not affect the general principle hereof -- and unless a greater deduction or relief is provided under the laws of Canada, tax payable in Poland on profits, income or gains arising in Poland shall be deducted from any Canadian tax payable in respect of such profits, income or gains.

(b) Subject to the existing provisions of the law of Canada regarding the determination of the exempt surplus of a foreign affiliate and to any subsequent modification of those provisions -- which shall not affect the general principle hereof -- for the purpose of computing Canadian tax, a company resident in Canada shall be allowed to deduct in computing its taxable income any dividend received by it out of the exempt surplus of a foreign affiliate resident in Poland.

2. In the case of Poland, double taxation shall be avoided as follows:

(a) Where a resident of Poland derives income or owns capital which, in accordance with the provisions of this Convention, may be taxed in Canada, Poland shall, subject to the provisions of subparagraph (b), exempt such income or capital from tax but may, in calculating tax on the remaining income or capital of that person, apply

the rate of tax which would have been applicable if the exempted income or capital had not been so exempted.

- (b) Where a resident of Poland derives income, which in accordance with the provisions of Articles 10, 11 and 12 may be taxed in Canada, Poland shall allow as a deduction from the tax on the income of that person, an amount equal to the income tax paid in Canada. Such deduction shall not, however, exceed that part of the tax as computed before the deduction is given, which is appropriate to the income which may be taxed in Canada.

3. For the purposes of this Article, profits, income or gains of a resident of a Contracting State which are taxed in the other Contracting State in accordance with this Convention shall be deemed to arise from sources in that other State.

ARTICLE 24

Non-Discrimination

1. The nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances are or may be subjected.

2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities.

4. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State, the

5. In this Article, the term "taxation" means taxes which are the subject of this Convention.

ARTICLE 25

Mutual Agreement Procedure

1. Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Convention, he may, irrespective of the remedies provided by the domestic law of those States, address to the competent authority of the Contracting State of which he is a resident an application in writing stating the grounds for claiming the revision of such taxation. To be admissible, the said application must be submitted within two years from the first notification of the action which gives rise to taxation not in accordance with the Convention.

2. The competent authority referred to in paragraph 1 shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at an appropriate solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation not in accordance with the Convention.

3. A Contracting State shall not, after the expiry of the time limits provided in its national laws and, in any case, after five years from the end of the taxable period in which the income concerned has accrued, increase the tax base of a resident of either of the Contracting States by including therein items of income which have also been charged to tax in the other Contracting State. This paragraph shall not apply in the case of fraud, wilful default or neglect.

4. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Convention. In particular, the competent authorities of the Contracting States may consult together to endeavour to agree:

- (a) to the same attribution of profits to a resident of a Contracting State and its permanent establishment situated in the other Contracting State;
- (b) to the same allocation of income between a resident of a Contracting State and any associated person provided for in Article 9.

5. The competent authorities of the Contracting States may consult together for the elimination of double taxation in cases not provided for in the Convention.

6. The competent authorities of the Contracting States may communicate with each other directly for the purpose of applying the Convention.

ARTICLE 26

Exchange of Information

1. The competent authorities of the Contracting States shall exchange such information as is necessary for carrying out the provisions of this Convention or of the domestic laws of the Contracting States concerning taxes covered by the Convention insofar as the taxation thereunder is not contrary to the Convention. The exchange of information is not restricted by Article 1. Any information received by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) involved in the assessment or collection of, the enforcement in respect of, or the determination of appeals in relation to, the taxes covered by the Convention. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.

2. In no case shall the provisions of paragraph 1 be construed so as to impose on a Contracting State the obligation:

- (a) to carry out administrative measures at variance with the laws or the administrative practice of that or of the other Contracting State;
- (b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;

- (c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information, the disclosure of which would be contrary to public policy (ordre public).

ARTICLE 27

Diplomatic Agents and Consular Officers

1. Nothing in this Convention shall affect the fiscal privileges of diplomatic agents or consular officers under the general rules of international law or under the provisions of special agreements.
2. Notwithstanding Article 4, an individual who is a member of a diplomatic mission, consular post or permanent mission of a Contracting State which is situated in the other Contracting State or in a third State shall be deemed for the purposes of the Convention to be a resident of the sending State if he is liable in the sending State to the same obligations in relation to tax on his total income as are residents of that sending State.

ARTICLE 28

1. This Convention is subject to ratification and the instruments of ratification shall be exchanged at *Ottawa*.
2. The Convention shall enter into force upon the exchange of instruments of ratification and its provisions shall have effect:
 - (a) in respect of tax withheld at the source on amounts paid or credited to non-residents on or after the first day of January in the calendar year in which the exchange of instruments of ratification takes place; and
 - (b) in respect of other taxes for taxation years beginning on or after the first day of January in the calendar year in which the exchange of instruments of ratification takes place.

ARTICLE 29

Termination

This Convention shall continue in effect indefinitely but either Contracting State may, on or before June 30 in any calendar year beginning after the expiration of a period of five years from the date of its entry into force give to the other Contracting State a notice of termination through diplomatic channels; in such event, the Convention shall cease to have effect:

- (a) in respect of tax withheld at the source on amounts paid or credited to non-residents on or after the first day of January in the calendar year next following that in which the notice is given; and

7. It is understood that the provisions of the Convention shall not be construed to restrict in any manner any exclusion, exemption, deduction, credit, or other allowance now or hereafter accorded
 - (a) by the laws of a Contracting State in the determination of the tax imposed by that State, or
